## Operations Coordinator's Message

Pjila'si! Welcome producers, buyers and industry partners—we are thrilled to be back together, in community, for the 2023 Craft East Buyers' Expo and I am personally excited to be part of this event for the first time. I am inspired by the diverse array of products, craftspeople and their stories which fill the show this year.

PHOTO: NATALIE TOOMBS

Craft is a reflection of people and passed-down tradition; without all of you none of this would be possible. I look forward to witnessing the showcase of diverse talent and craftsmanship, as well as continuing to support diversification and equity building within the Craft community here in Atlantic Canada and abroad.

May you each connect with exactly who and what you need for this upcoming year—I wish you every success!
