

Introducing: Private Suite Exhibiting

A unique buying and selling environment will be created within Halifax's Homewood Suites hotel for **Craft East 2025**. Exhibitors will build their displays within their personal living space of the all-suite hotel, creating comfortable, private spaces for engaging in sales discussions. The suites equally serve as weekend accommodations for exhibitors, thus eliminating a major cost from their travel budgets.

Multiple floors of the hotel will be blocked off specifically for the expo, meaning buyers are free to navigate the space as a craft-specific wholesale market.

Each suite is equipped with:

- Door signs to indicate exhibit number (corresponding to an expo floorplan)
- A full kitchenette and living room
- Free Wi-Fi
- Access to swimming pool & fitness centre
- Free hot breakfast daily
