

This is a project of Craft Alliance Atlantic, a Canadian based non-profit organization. Our mandate is to provide marketing opportunities and to encourage export of Canadian craft. The key objective is to enhance the professionalism, education and advancement of fine craft in Canada and abroad.

Craft Alliance is an organization comprised of regionally based craft organizations consisting of the provincial craft councils and guilds, craft media organizations and other craft related industry, educational or government organizations, interested in supporting the further development of craft.

Craft Alliance leads the industry by working to develop national and regionally based projects to assist in furthering the goals of the partner organizations. The Alliance has four main priority program areas within its mandate. Those priorities include: **Education, Market Development, Business Development, and Export.**
